

Gifts and callings without Repentance

Everyone has giftings and callings from the Lord and these gifts are given and are never revoked. They are without repentance. God gifts us to use these gifts for the kingdom of God although some do not. In this brief teaching, I want to share a little about this to help encourage you that you can still operate in the gifts that God has given you and just because you sinned doesn't mean that He took them back.

Romans 11:29 *For the gifts and calling of God are without repentance.*

The word "repentance" here was translated from a Greek word that means "*irrevocable*" Gifts of the Spirit are always on and available and you can operate in them at any time. The gifts and the callings of God are without repentance.

- a) They never leave or depart. Some people think you need to have a certain environment, blue, and purple dimmed lights, smoke, keyboard melody for the gifts to flow. No! These gifts can flow with or without those things.
- b) You do not have to wait for God to move upon you to feel this unction. It's not only when you are under the anointing that you can flow in the gifts and minister. God is always on and the gifts are always available. Whatever gift you have is always readily available. God is always on and you can start and stop them.
- c) You can flow in the gifts anytime you want to. If God gave you the gift you have, you have it for life. It's always on and available. It is us that need to position ourselves right to receive from the LORD and flow in the gifts such as having our mind on the LORD.
- d) You operate in the gifts at will. why? because the gifts are always on. They are always available. We just need to release them and cause them to follow. This doesn't mean you

are now simply turning God on and off. He is always on. You can flow in the gifts anytime. You can prophecy, step out in the word of knowledge at will.

- i) If I called you up to give an impromptu word, did you know you can do it—just like that? You can put a demand on the gifts of the Holy Spirit at any time and any environment. The anointing does not depart or lift. We choose to stop cooperate.
- e) If you are sensitive to gifts you will see them function or manifest. The gifts that you have and are praying about and believing will surely manifest much more than other gifts.
 - i) If you have a certain gift of the spirit you can go into the service believing to see' that gift function, praying about it, and making yourself sensitive to it, you will see it function—Much more.
